The Board of Directors for Sunrise Credit Union Limited is a group of men and women serving as elected representatives accountable to the membership. Following one of the seven International Co-operative Principles of Democratic Member Control, Board members serve the Credit Union membership for three year terms on a rotating basis. As part of the Governance Committee, the Nominating Committee consists of Karen Combs, Evan Casselman, chaired by Terry Wakely.

This year the four directors with terms expiring were Lee Adams, Jean Bazin, Lon Cullen and Jan McClelland. All directors have volunteered to stand for re-election. Following due process for nominations there were no additional candidates nominated, therefore it is my pleasure to announce Lee Adams, Jean Bazin, Lon Cullen and Jan McClelland re-elected to the Board of Directors of Sunrise Credit Union Limited.

DIRECTORS’ AND OFFICERS’ DISCLOSURE

On behalf of the Board of Directors of Sunrise Credit Union, it is my pleasure to present our 8th annual report for the year 2015. Our twelve board members work together to ensure that we adhere to our roots as set out in our mission, vision, and values statements.

This year we had very positive results as we continued to follow a business plan of managed growth and strengthened equity as we build a financial institution that is on solid ground going forward. The future is bringing new international regulatory frameworks to ensure Canada’s financial systems are secure and we are on the path to meet all of those targets.

Sunrise continues its tradition of “Member First” in our dealings with all who enter our branches, visit our website or use our brand new Sunrise Lite Mobile App. The App lets you do even more with your money - from remote deposits, viewing accounts to e-Transfers - activities considered essential by many in this ever more mobile world.

This fall we had hundreds come out for the Grand Opening of our new branch and administration building located at 2305 Victoria Ave, Brandon. The Brandon Branch continues to grow and is now a strong addition to Sunrise.

Since forming, Sunrise has contributed over $1 million towards student scholarships, community events, service organizations, etc. within the communities served by its fourteen branches. Since initiating Preferred Shares which are available to all our members, we have paid dividends of over $711,000 at very competitive rates of 4-5%.

In order to excel at our jobs, all of our board members continue to attend training sessions and Credit Union system meetings. We also hold multiple strategic planning sessions to help us look forward and plan for Sunrise Credit Union’s robust future.

On behalf of the Board of Directors I would like to whole heartedly thank the Executive and the entire Staff of Sunrise for the hard work and enthusiasm they continue to show as we continue to grow Sunrise. I believe our Staff is looked upon as a model for credit unions in Manitoba. I would also like to thank our members who continue to have faith in Sunrise and make it their Financial Institution of choice.

Respectfully Submitted

Don Zeghers
Board of Directors Chair
Sunrise Credit Union continued to build on the previous year’s positive trends for the 2015 fiscal year. Completing the seventh full year of operations, Sunrise members have contributed to the vibrant growth and resulting strong financial position of their home grown financial institution of choice.

Sunrise continues to have a high profile in the communities in which we operate. Contributing to the future of our youth, $23,000 in high school scholarships were provided to deserving students in 2015. Sunrise staff provided 6,850 hours of volunteer time and donated $215,000 in and for our communities.

We conducted a member survey in 2015. We had approximately 1000 responses to our survey which is considered to be an excellent response rate. Results showed 98.1% of respondents would recommend Sunrise to their friends, demonstrating service excellence by Sunrise Credit Union staff. Thanks to all the participants of the survey and we will work hard to maintain and improve this standard of satisfaction.

New products were developed with the introduction of our mobile applications for Apple and Android devices. This enabled Sunrise to offer “Deposit Anywhere” for cheques by using smart phones. E-Transfers are now possible along with bill payments and other electronic services. Sunrise members have embraced e-statements with over 11,000 members now utilizing this service.

In September, we celebrated the opening of our new location in Brandon. This consolidated our office space in Brandon with the Branch on the main floor and corporate office on the 2nd floor. This move has improved efficiencies in Brandon.

Financial Highlights were as follows:

<table>
<thead>
<tr>
<th>Description</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Deposit Growth of</td>
<td>$47.5 million</td>
</tr>
<tr>
<td>Loan Growth of</td>
<td>$28.6 million</td>
</tr>
<tr>
<td>Net Income of</td>
<td>$3.7 million</td>
</tr>
<tr>
<td>Member Equity totals</td>
<td>$59.7 million</td>
</tr>
<tr>
<td>Total Assets of</td>
<td>$858 million</td>
</tr>
</tbody>
</table>

These financial highlights continue to add to the strong financial position of Sunrise.

Looking forward to 2016 we are working towards having mobile payments available for Android users on their smart devices. We are starting a paperless project we anticipate will take 3 years to complete. Once completed, we will enjoy greater operating efficiencies which will strengthen our credit union.

Thank you to the Board of Directors for their leadership, thank you to the employees for their dedication and thank you to the membership for their continued loyalty.

Sunrise Credit Union is privileged to have earned the trust of our members having served our members’ families for generations past through our legacy credit unions. Sunrise staff continues to strengthen relationships built on trust and confidence by seeking to provide innovative products that meet our members’ individual and corporate requirements.

On a daily basis, our staff identify and address member needs, providing helpful financial products and services. As each product or service is added, another piece of that member’s financial puzzle gets put into place. Opening a daily interest savings account, getting a residential mortgage and putting life and disability insurance on a vehicle loan are all examples of basic financial planning. Those decisions result in both the creation and managing of your financial resources often referred to as wealth management.

Simply defined, “wealth management” is an integrated and coordinated approach to managing all of our members’ financial needs whether those needs are great or small, immediate or future.

By actively listening to members and asking questions to help discern exactly what products and services are needed to help achieve financial goals, we are able to contribute to the wealth management plan of every Sunrise Credit Union member.

At times, personal circumstances require a more thorough analysis beyond the services, products and advice available within our branches. For those members seeking advice for more advanced strategic, succession or transition planning and investments, Sunrise has aligned with a team of industry professionals, each of which brings a unique set of skills to the table. Partnering with our wealth management team has been a huge success, providing Sunrise members access to financial planning, insurance and wealth management services. Together, we build on a foundation of trust with the goal of serving our members for generations to come.

SUNRISE CREDIT UNION LIMITED

SUMMARY CONSOLIDATED FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2015
To the Members of Sunrise Credit Union Limited:

The accompanying summary consolidated financial statements of Sunrise Credit Union Limited and its subsidiaries, which comprise the summary consolidated statement of financial position as at December 31, 2015, and the summary consolidated income statement, changes in members’ equity and cash flows for the year then ended are derived from the audited consolidated financial statements of Sunrise Credit Union Limited for the year ended December 31, 2015. We expressed an unmodified audit opinion on those consolidated financial statements in our report dated March 2, 2016.

Management’s Responsibility for the Summary Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these summary consolidated financial statements in accordance with International Financial Reporting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors’ Responsibility

Our responsibility is to express an opinion on these summary consolidated financial statements based on our procedures, which were conducted in accordance with Canadian Auditing Standard (CAS) 810, “Engagements to Report on Summary Financial Statements.”

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors’ judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity’s preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, these summary consolidated financial statements, derived from the audited consolidated financial statements of Sunrise Credit Union Limited for the year ended December 31, 2015 are a fair summary of those consolidated financial statements.

*A full set of audited financial statements is available from the Credit Union*
Sunrise Credit Union is guided by the principles of the international cooperative movement which values honesty, openness, social responsibility and caring for others. As a member of Sunrise Credit Union, you are part of a network of credit unions and other cooperatives across the world and can take pride in the principles by which co-operatives put their values into practice.

1st Principle: Voluntary and Open Membership
Co-operatives are voluntary organizations, open to all persons able to use their services and willing to accept the responsibilities of membership, without gender, social, racial, political or religious discrimination.

2nd Principle: Democratic Member Control
Co-operatives are democratic organizations controlled by their members, who actively participate in setting their policies and making decisions. Men and women serving as elected representatives are accountable to the membership. In primary co-operatives, members have equal voting rights (one member, one vote) and co-operatives at other levels are organized in a democratic manner.

3rd Principle: Member Economic Participation
Members contribute equitably to, and democratically control, the capital of their co-operatives. At least part of that capital is usually the common property of the co-operatives. They usually receive limited compensation, if any, on capital subscribed as a condition of membership. Members allocate surpluses for any or all of the following purposes: developing the co-operative, possibly by setting up reserves, part of which at least would be indivisible; benefiting members in proportion to their transactions with the co-operatives; and supporting other activities approved by the membership.

4th Principle: Autonomy and Independence
Co-operatives are autonomous, self-help organizations controlled by their members. If they enter into agreements with other organizations, including governments, or raise capital from external sources, they do so on terms that ensure democratic control by their members and maintain their co-operative's autonomy.

5th Principle: Education, Training and Information
Co-operatives provide education and training for their members, elected representatives, managers and employees so they can contribute effectively to the development of their co-operatives. They inform the general public - particularly young people and opinion leaders - about the nature and benefits of co-operation.

6th Principle: Co-operation among Co-operatives
Co-operatives serve their members most effectively and strengthen the co-operative movement by working together through local, national, regional and international structures.

7th Principle: Concern for Community
